

PERSONAL DATA

Name : Monira Taha Ismail Serageldin
ID number : 27701051604067
Passport number : A23820057
Date of birth : 05-1-1977
Nationality : Egyptian
Religion : Muslim
Marital status : Married and has 4 children.
My husband : is professor of emergency medicine in emergency medicine department faculty of medicine Suez Canal University.
Address : Department of Emergency Medicine, Faculty of Medicine. Suez Canal University. Ismailia, Egypt.
Mobile : +201121935762
E-mail : monirataha77@yahoo.com
Monira.taha77@med.suez.edu.eg
Home address : Ismailia –garden city shark –flat 3-home number 50

EMPLOYMENT RECORD

- **From November 2023 till now**
Head of emergency medicine department, faculty of medicine, Suez Canal University (Problem Based Learning Medical School).
- **From September 2023 till now**
Professor of Emergency Medicine.
Faculty of medicine, Suez Canal UNIVERSITY (Problem Based Learning Medical School).
- **From August 2017 till September 2023**
Associate professor of Emergency Medicine.
Faculty of medicine, Suez Canal UNIVERSITY (Problem Based Learning Medical School).
- **From September 2022 until December 2024**
Re-join the scientific council of the Egyptian Fellowship Board for emergency medicine.
- **From September 2019 till July 2022**
Associate professor, faculty of medicine, Sulaiman AlRajhi University: Al Bukayriyah, Al Qassim, K.S.A. (Problem Based Learning Medical School).
- **From April 2018 till September 2019**
Head of emergency medicine department, faculty of medicine, Suez Canal UNIVERSITY (Problem Based Learning Medical School).
- **From September 2017 until now**
Member of the scientific council in the Arab Board for emergency medicine.

- **From 2017 until 2023**
Member of exam committee in Arab board for emergency medicine.
- **From 2014 until 2019**
Member of the scientific council in the Egyptian Fellowship Board for emergency medicine.
- **From 2013 until now**
Member of the Board of Directors, Suez Canal Training centre on resuscitation and Trauma.
- **From June 2018 until September 2019**
Director of Suez Canal Training centre on resuscitation and Trauma.
- **From 2012 until September 2019**
Member of research ethics committee in faculty of medicine Suez Canal University.
- **From June 2011 till 2017**
Lecturer of Emergency Medicine. Faculty of medicine, Suez Canal University.
- **May 2006**
Assistant Lecturer of Emergency Medicine. Faculty of medicine, Suez Canal University.
- **From April 2002 to December 2006**
Suez Canal University Hospitals Resident of internal medicine (emergency).
- **From March 1st 2001 to Feb 28th 2002**
Suez Canal University Hospitals House Officer.

EDUCATIONAL RECORD

- **April 2023**
Approval from The Advanced Trauma Life Support (ATLS) Senior Educator Advisory Board (SEAB) to become an ATLS Educator.
- **February 2021**
Pediatric Advanced Life Support (PALS) Instructor. The curriculum of the American Heart Association Program until now.
- **Nov. 2019**
Diploma of Health Professions Education. Faculty of Medicine, Suez Canal University, Ismailia, Egypt.
- **Dec. 2016**
Arab Diploma of Disaster Management (for Health professionals). Arab Institute for Continuing Professional Development (AICPD) Arab Medical Union
- **2015**
Advanced Trauma Life Support (ATLS) Instructor until now.
- **2012**
European resuscitation council instructor until now.
- **June 2011**
Doctor Degree in Emergency Medicine. Faculty of Medicine, Suez Canal University, Ismailia, Egypt.
- **Oct. 2005**
Master Degree of internal medicine (very good). Faculty of Medicine, Suez Canal University, Ismailia, Egypt.
- **Oct.2000**
Bachelor Degree of Medicine & Surgery (very Good). Faculty of Medicine, Suez Canal University, Ismailia, Egypt.

PERSONAL SKILLS

Languages (Spoken and written)

Arabic : Mother tongue.

English: Excellent (language of education).

Computer Skills

- International Computer Driving Licence (ICDL).

Training courses

- **October -November 2023: -**
Attendance the Two rounds of GRADE training organized by WHO Egypt, in collaboration with WHO/EMRO and AUB GRADE Center, Cairo, Egypt. On October 9-11,2023 & November 6-8, 2023.
- Successfully completed the cognitive and skills evaluations in accordance with the curriculum of the American Heart Association Pediatric Advanced Life Support (PALS) Program. 09 Jan 2021, eCard code 215647983063 training centre Riyadh, Saudi Arabia and selected as instructor
- European Resuscitation council, Advanced Life support (ALS) course director
- Emergency neurological life support, by cine-med and neurocritical care society. On line course. This activity is designated for 15 AMA PRA category 1 credit.
- Major incident medical management support the practical approach in the hospital (HMIMMS) and selected as instructor.
- Major incident medical management & support the practical approach outside hospital (MIMMS) and selected as instructor.
- HAZMAT Medical Life Support, the structured approach to chemical incidents.
- Advanced life support(ALS)provider course European resuscitation council and selected as instructor
- European Trauma Course (ETC) provider course European resuscitation council and selected as instructor
- The initial management of war wounds surgical seminar by ICRC in cooperation with Arab medical union-emergency and relief agency
- European paediatric life support (EPLS) provider course European resuscitation council and selected as instructor
- Attended and participated actively in the workshop on (scientific research ethics and its publication).
- Advanced Trauma Life Support (ATLS) and selected as instructor
- Advanced Trauma Life Support (ATLS) instructor course.
- Fundamentals of mechanical ventilation held at COMPASS medical training center,6-8 november2012 in cooperation with ECCP .
- Course of GIC (generic instructor course)
- The initial management of war wounds surgical seminar by ICRC in cooperation with Arab medical union-emergency and relief agency
- The extended focused assessment with sonography in trauma (eFAST) held at COMPASS medical training centre.
- ACLS provider course September 2015 accredited by Saudi commission of health specialties and AHA. During working in AlHazm storm in King of Saudi Arabia. Ministry of health. Directorate of health affairs in Aseer region from 12\7\2015 to 6\10\2015

- Thematic sessions delivered by International Committee of Red Cross(ICRC)
- ICRC Mission, Mandate and Operational Programmes, International Humanitarian Law, International Human Rights Law and Health Care in Danger – Respect & Protection of Health Care in Armed Conflict and Other Emergency.
Cairo, Egypt, 7th & 14th May 2016.

Medical Experience:

Working in Suez Canal University hospital: -

- Associate professor of emergency medicine from August 2017 until now.
- Lecturer of emergency medicine from 2011 until August 2017.
- Assistant lecture of emergency medicine in emergency department in faculty of medicine from 23-4-2006
- Years working in gastrointestinal endoscopic unit for diagnostic and therapeutic with difference modalities intervention from 2005 to 2015.
- Two year working in nephrology unit for urgent dialysis with difference modalities intervention (central line catheterization).
- 4,5 years as internal medicine (emergency) resident from 11-3-2002 to 2006
- 1 year as a house officer from 1-3-2001 to 28-2-2002.

Courses in the field of Medical Education

- **2020**
Attending 2 program for university teaching certificate (UTC) done by Maastricht University to improve teaching quality at Sulaiman AlRajhi University.
- **On July 2019**
The 11th National Workshop in Medical Education by Diploma of Health Professions Education (DHPE), in collaboration with Egyptian Society for Medical Education (ESME). Held at the faculty of Medicine, Suez Canal University on July 4th, 2019.
- **July, 2018**
Workshop on Implementation of the New Bylaw, Center for Research and Development in Medical Education & Health Services. A WHO Collaborating Center (CRD). Faculty of medicine - Suez Canal University, Ismailia, Egypt in July, 2018.
- **On October 2016**
Workshop how to prepare a case based lecture, faculty of medicine Suez Canal university hospital
- **September 2016**
Leadership Excellence workshop. The content of this training workshop has been certified by CPD certification service (UK) as conforming to continuing professional development principles. 25th September 2016.
- **Jan 2012**
Credit hours system held at WHO Collaborating center (CRD), Faculty of medicine Suez Canal University, Ismailia, Egypt in 1&8 of Jan.2012
- **Nov. 2011:-**
Teaching in clinical setting_held at WHO Collaborating center (CRD), Faculty of medicine - Suez Canal University, Ismailia, Egypt in 21&22 of Nov.2011
- **Dec. 2010:-**
Objective structured clinical exam (OSCE) held at WHO Collaborating center (CRD), Faculty of medicine - Suez Canal University, Ismailia, Egypt in 8&9 of Dec.2010

Supervisors on Thesis's

1-Master degrees titles:-

- Prevalence and Types of Sports Injuries Presenting to Emergency Department in Suez Canal University Hospital
- Classification of polytrauma patients presented to Suez Canal University Hospital according to Injury Severity Score (ISS) and their outcome
- Predictive Value of Simple Biomarkers of Mortality in Patients with Severe Heart Failure in Emergency Department in Suez Canal University Hospital in Ismailia
- Evaluation of Knowledge of Health Team Members About Disaster Plan in Suez Canal University Hospital.
- Role of Early Defibrillation in Success of Cardiopulmonary Resuscitation.
- Detection Of Medical Errors In Management Of Traumatic Hypovolemic Shocked Adult Patients Presented To Emergency Department in Suez Canal University Hospital
- Prognostic Value of Blood Glucose Levels in Diabetic Patients upon Admission and its Outcomes in Patients with Acute Coronary Syndrome
- Risk factors of arrhythmia in patients presenting with acute myocardial infarction in Suez Canal University hospital
- Evaluation of Effectiveness OF Management of Sepsis in Emergency Department in Suez Canal University Hospital in Ismailia.
- Prevalence and severity of non-traumatic acute kidney injury in multiple trauma patients attending emergency department in Suez Canal university hospital
- Evaluation of Adherence to The Neurocritical Care Society Guidelines in Management of Generalized Convulsive Status Epilepticus at The Emergency Department of Suez Canal University Hospital
- Predictive Performance of qSOFA for Mortality in Patients diagnosed with sepsis in comparison to MEDS, SOFA and Old Criteria of Sepsis in the Emergency Department at Suez Canal University Hospital.
- Evaluation of Management of Hypertensive Urgency and Emergency in Emergency Department in Suez Canal University Hospital by comparing it with Egyptian Hypertension Guidelines 2014
- Comparison between Paediatric Canadian Triage and Acuity Scale and South African Triage Scale Regarding Applicability and Outcome in the Paediatric Emergency Department, Suez Canal University Hospital
- Evaluation of Urine Osmolarity as a Monitoring Tool in Resuscitation of Traumatic Hypovolemic Patients in the Emergency Department of Suez Canal University Hospital
- The Effect of Simple Triage and Rapid Treatment Program Training on Knowledge and Practice of Paramedics in Disasters in Ismailia
- Assessment of fluid resuscitation of trauma in elderly patients admitted to Emergency Department of Suez Canal University Hospitals.
- A New Scoring System in the Prediction of Early Infection in Patient with Open Fracture in the Emergency Department of Omdurman Teaching Hospital.
- Accuracy of Focused Assessment with Sonography for Trauma in Blunt Abdominal Trauma in Comparison with Computed Tomography, Faculty of Medicine, Zagazig University 2025.

2-Doctorate degrees' titles: -

- Role of Ischemia Modified Albumin in The Early Diagnosis of Acute Coronary Syndromes in Emergency in Egypt
- Effectiveness of supplemental Inhaled Magnesium Sulphate in acute exacerbation of Asthma in Adults
- Effect of Fresh Frozen Plasma On the Outcome of Organophosphate Poisoning Patients Presented to Emergency Department, Suez Canal University Hospital.
- Evaluation of Nebulised Hypertonic Saline in the Treatment of Viral Bronchiolitis in Infants.
- Pattern and Risk factors of Childhood Injuries at Emergency Department of Suez Canal University Hospital
- Diagnostic Value of Heart-type Fatty Acid-binding Protein (H-FABP) For Early Diagnosis of Acute Coronary Syndrome at Emergency Medicine Department of Suez Canal University Hospital
- Comparison of Dynamic Behaviour of Inferior Vena Cava Collapsibility and Central Venous Pressure in Assessment of Volume Status During Resuscitation of Shocked Patients
- Validation of HEART score, High Sensitivity Cardiac Troponin-T (Hs TnT) and Echo-Doppler Imaging in Risk Stratification & Short Term Outcome Prediction of Acute Coronary Syndromes
- Comparative Study between using Fibrinogen, Base Deficit level and Modified Trauma Bleeding Severity Score in Predicting of Massive Blood Transfusion in Trauma patients attending Emergency Department in Suez Canal University Hospital

Discussion and the judgment committee on thesis of doctorate degree

- Role of Transthoracic Ultrasound in Patient with Acute Dyspnea in Emergency Department. On Wednesday 9 August 2023, faculty of medicine, Menofea university.
- The Neutrophil/ lymphocyte count ratio role as a predictor of mortality in severe traumatic brain injury patients. On Thursday 27 September 2022 faculty of medicine, Suez Canal university.
- Validity of Neurone Specific Enolase as a Diagnostic and Prognostic Tool in Acute Ischemic Stroke in Adults at Suez Canal University Hospitals. On Monday 26 August 2019 faculty of medicine, Suez Canal university.
- Prognostic Role of Admission N-Terminal Pro-Brain Natriuretic Peptide in Patients Presented with Acute Myocardial Infarction. Faculty of Medicine, Suez Canal University, Sunday 30 June 2019.
- Comparison Of Dynamic Behaviour Of Inferior Vena Cava Collapsibility And Central Venous Pressure In Assessment Of Volume Status During Resuscitation Of Shocked Patients, faculty of medicine, Suez Canal University, Thursday 2 May 2019.
- Role of Ischemia Modified Albumin in The Early Diagnosis of Acute Coronary Syndromes in Emergency in Egypt, Faculty of medicine Suez Canal University, Wednesday 28 November 2018.
- Diagnostic Value of Heart-type Fatty Acid-binding Protein (H-FABP) For Early Diagnosis of Acute Coronary Syndrome at Emergency Medicine Department of Suez Canal University Hospital, Faculty of medicine Suez Canal University, Tuesday 20 November 2018.
- Validation of HEART score, High Sensitivity Cardiac Troponin-T (Hs TnT) and Echo-Doppler Imaging in Risk Stratification & Short Term Outcome Prediction of Acute Coronary Syndromes. Faculty of medicine Suez Canal University, Sunday 10 September 2017.

• **Discussion and the Judgment Committee on Thesis of Master Degree**

- Assessment of Occupational Ophthalmological Emergencies by Alphabetical Triaging Score For Ophthalmology Compared to Clinical Urgency Assessment in Emergency Department. Faculty of Medicine - Cairo University, Monday 5 May 2025.
- Point of Care Ultrasound Use in Head and Neck Flame Burn Patient For The Decision of Intubation In Emergency Department Faculty of Medicine - Cairo University, Monday 5 May 2025.
- Early detection of acute kidney injury in Sepsis, Faculty of Medicine for boys – Al Azhar University – New Damietta, Sunday 16 February 2025.
- The Effectiveness of Ocular ultrasonography in the Assessment of Intracranial Hypertension in patients presenting with headache at the Emergency Department. On Monday 6 January 2025, faculty of medicine, Menofea university.
- Ultrasound Guided Subclavian vein Cannulation at Emergency Room. Success Rate and Incidence of complications, Faculty of Medicine – Assiut University, Thursday 5 December 2024.
- Diagnostic Performance of Emergency Department Assessment of Chest Pain Score in Patients with Acute Chest Pain, Faculty of Medicine – Assiut University, Thursday 5 December 2024.
- Value of Optic Nerve Sheath Diameter in Detecting Elevated Intracranial Pressure in Traumatic Brain Injury Patients, Faculty of Medicine - Cairo University, Sunday 10 November 2024.
- Point of Care Ultrasound as A Bed Side Diagnostic Tool in Patients Presenting with Acute Dyspnea in Emergency Department for A Timely Management, Faculty of Medicine - Cairo University, Monday 20 May 2024.
- The Role of Chest Ultrasound as A Bedside Tool to Detect Pneumothorax and or Hemothorax in Traumatic Emergency Patients, Faculty of Medicine - Cairo University, Monday 20 May 2024.
- Factor Linked to Peri Hospital Delay in Management of Acute Myocardial Infarction in A Tertiary Hospital in Egypt, Faculty of Medicine - Cairo University, Sunday 19 May 2024.
- Incidence of Mortality Among Polytrauma Patients Presenting to A Tertiary Hospital in Egypt Using the Trauma and Injury Severity Score (TRISS): An Observational Cross-Sectional Study, Faculty of Medicine - Cairo University, Sunday 19 May 2024.
- Morbidity and Mortality in Trauma Patients with hypokalemia, Faculty of Medicine for girls – Al Azhar University, Sunday 24 march 2024.
- A Prospective Study of the Profile and Outcome of Polytrauma Patients in Tertiary Hospital in Egypt, Faculty of Medicine - Cairo University, Monday 13 November 2023.
- Toxicological Screening in Patients Presenting with Acute Chest Pain in Emergency Department, Faculty of Medicine - Cairo University, Monday 13 November 2023.
- Correction Between the Revised Trauma Score and Injury Severity Score On Polytruma Patients in The Emergency Department: Implications for Substance Abuse, Faculty of Medicine - Cairo University, Monday 13 November 2023.
- Pattern and Prevalence of Neurovascular Events Among Covid-19 Patients, Faculty of Medicine, Suez Canal University, Thursday 13 April 2023.
- Burnout among emergency medicine residents in Egypt, faculty of Medicine Tanta University, Wednesday 31 August 2022.

- Laboratory predictors for morbidities and mortalities after thermal burns in paediatrics, faculty of Medicine Tanta University, Wednesday 31 August 2022.
- Evaluation of Urine Osmolarity as a Monitoring Tool in Resuscitation of Traumatic Hypovolemic Patients in the Emergency Department of Suez Canal University Hospital. On Thursday 27 August 2019, faculty of medicine, Suez Canal university.
- Assessment of the Patients' Outcomes after Implementation of South African Triage Scale in Emergency Department at Suez Canal University Hospital. On Monday 26 August 2019 faculty of medicine, Suez Canal university.
- The Effect of Simple Triage and Rapid Treatment Program Training on Knowledge and Practice of Paramedics in Disasters in Ismailia. On Wednesday 21 August 2019 faculty of medicine, Suez Canal university.
- Evaluation of Prince of Wales hospital score (PWH score) in detecting the need for massive blood transfusion in trauma patients. On Sunday 2 June 2019, faculty of medicine, Menofea university.
- Assessment of Coagulation and Bleeding Status in Multi trauma patients by Clinical Presentation and Blood Gas Analysis in Emergency Department of Suez Canal University Hospital. On Thursday 21 March 2019 faculty of medicine, Suez Canal university.
- Acute Upper Gastrointestinal Bleeding: Risk assessment. On Wednesday 4 July 2018, faculty of medicine, Menofea university.
- Evaluation of the Role of Inferior Vena Cava Ultrasound in Diagnosis of Shock in Trauma Patients. On Monday 18 February 2019 faculty of medicine, Suez Canal university
- The Ability of Modified Early Warning Score (MEWS) to Identify Critically Ill Non-Traumatic Patients In Emergency Department of Suez Canal University Hospital. On Monday 17 September 2018 faculty of medicine, Suez Canal university.
- Trans-Orbital Ultrasound and Marshall Scoring System in Adult Traumatic Brain Injury in Emergency Department in Suez Canal University Hospital. On Thursday 13 September 2018 faculty of medicine, Suez Canal university.
- Impact of Burnout on Physician Mental Health and Self-Reported Patient Care among Resident Physicians in Suez Canal University Hospital. On Tuesday 11 September 2018 faculty of medicine, Suez Canal university.
- Evaluation of the use of Cardiac Standstill on Ultrasonography as a Prognostic Marker of the Outcome of Cardiopulmonary Resuscitation in Cardiac Arrest Patients. On Saturday 2 June 2018 Faculty of Medicine, Alexandria University.
- Predictive Performance of qSOFA for Mortality in Patients diagnosed with sepsis in comparison to MEDS, SOFA and Old Criteria of Sepsis in the Emergency Department at Suez Canal University Hospital Monday 26 march 2018.
- Evaluation of Management of Hypertensive Urgency and Emergency in Emergency Department in Suez Canal University Hospital by comparing it with Egyptian Hypertension Guidelines 2014, 19 march 2018.
- Risk factors of arrhythmia in patients presenting with acute myocardial infarction in Suez Canal University hospital 19 march 2018.
- Comparing the ability of three different investigations to detect myocardial contusion in blunt chest trauma, faculty of Medicine Tanta University, Saturday 24 Feb. 2018.

- **Research articles Published**

1. **Patterns of extremities trauma in children and their management in emergency department in Suez Canal University Hospital, Ismailia, Egypt**
AH Elbaih, M Taha, A Saker, S Aziz, A Shahate. International Surgery Journal 3 (2), 887-892
2. **Pathophysiology and management of different types of shock**

- Chinese Journal of Traumatology
- The Egyptian Journal of Internal Medicine

• **Teaching Activities:-**

- **Professor** of emergency medicine (from September 2023) teaching for students of faculty of medicine 5th years and postgraduate students for master degree and Doctorate Degree in emergency medicine.
- Teaching advanced trauma life support (ATLS) **instructor course** of American College of Surgeons **as educator**.
- **Associate professor** of emergency medicine, faculty of medicine, Sulaiman AlRajhi University: teaching for students of faculty of medicine 4th years in emergency medicine and internal medicine.
- **Conducting a workshop titled:** Role of the class tutor in problem based learning that was held at college of medicine on 26th October 2021, princess Nourah Bint Abdul Rahman University.
- **Associate professor** of emergency medicine (from august 2017) teaching for students of faculty of medicine 4th, 6th years and postgraduate students for master degree and Doctorate Degree in emergency medicine.
- Teaching resuscitation course of European resuscitation council (ERC) as instructors

- **ALS (advanced life support)**
- **ILS (intermediate life support)**
- **BLS (basic life support)**
- **APLS(advanced Paediatric life support)**
- **ETC (European Trauma Course)**
- **GIC (Generic Instructor Course)**
- Major incident medical management support the practical approach in the hospital (HMIMMS).
- Teaching advanced trauma life support (ATLS) course of American College of Surgeons as instructor.
- Teaching the American Heart Association Pediatric Advanced Life Support (PALS) as instructor.
- Develop the exam for the first part, second part (written), and **3rd part (OSCE and VIVA) Egyptian fellowship of emergency medicine** as one of exam committee and scientific board.
- Develop the exam for the first part and second part (written), **Arab board of emergency medicine** as one of exam committee Amman Jordan.
- One of the examiner in the final exam **master degree of emergency medicine, faculty of medicine, Assuit University**. 22 May 2025.
- One of the examiner in the final OSCE exam **Arab board of emergency medicine** which held in Egypt, January 2025.
- One of the examiner in the final OSCE exam **Arab board of emergency medicine** which held in Egypt, May 2023.
- Develop the exam and one of the examiner in the final OSCE exam Arab board of emergency medicine which held in Doha, Qatar January 2022.
- Develop the exam and one of the examiner in the final OSCE exam Arab board of emergency medicine which held in Doha, Qatar August 2021.
- One of the examiner in the final OSCE exam **Arab board of emergency medicine** which held in Dubai, January 2020.
- One of the evaluation committee for Elemam Hussain medical city Hospital, Iraq to be accredited as Arab board training centre 2018.
- One of the organizing committee and examiner for the final OSCE exam **Arab board of emergency medicine** which done for the first time in Egypt December 2018.
- One of the evaluation committee for Alexandria University teaching Hospital, Egypt to be accredited as Arab board training centre 2018.
- Revise and evaluate curriculum of Emergency Medicine for faculty of Dentistry, Suez Canal University as external evaluator.
- Revise and evaluate curriculum of Emergency Medicine for faculty of medicine Menofia University as external evaluator.
- Revise and evaluate curriculum of Emergency Medicine for faculty of medicine Assiut University as external evaluator.
- Revise and evaluate curriculum of Emergency Medicine for faculty of medicine Tanta University as external evaluator.
- **One of scientific committee of Egyptian board of emergency medicine** Participation in the teaching by given many lectures 1st, 2nd and 3rd part from 2014 until now

- Participation in the examinations (oral, clinical and written assessments) of **master degree and Doctorate Degree** in emergency medicine during (assistant lecturer, lecturer and Associate professor).
- Teaching for **3rd and 5th years students for faculty of pharmacy** first aids course and emergency medicine, with evaluation and (oral, write) examinations.
